NOTICE TO THE PUBLIC

We are required to advise the users of the Manila Wastewater/Sewer System that the Town of Manila is applying for a "SEARCH" grant which stands for "Special Evaluation Assistance for Rural Communities and Households" grant. This is a program offered by the USDA Rural Development to help very small, financially distressed rural communities fund predevelopment planning costs for proposed water and waste disposal projects, including feasibility studies, design, and technical assistance; essentially assisting them in preparing applications for further funding to improve their water and sanitation infrastructure.
